

Master Studies

STUDY PROGRAMS

- Military Electronic Engineering and Cyber Defence
- Military Mechanical Engineering
- Materials Technology and Protection
- Risk Management in case of natural disasters
- Defence Economics
- Military Sciences

Master studies provide the expansion of knowledge acquired in undergraduate studies and the acquisition of competencies for performing higher duties in their branch - service, i.e. the jobs of master officer, as well as for performing the jobs of master manager, master economist, master engineer of electrical engineering and computing, mechanical engineering and technology.

The studies last for one year or two semesters, with 60 ECTS awarded.

Upon successful completion, a master's degree within a given program is awarded.

STUDY PROGRAMS

MILITARY ELECTRONIC ENGINEERING AND DEFENCE AND CYBER DEFENCE

Diploma: Master in Electrical Engineering and Computer Engineering

MILITARY MECHANICAL ENGINEERING

Diploma: Master in Mechanical Engineering

MATERIALS TECHNOLOGY AND PROTECTION

Diploma: Master in Technology and Engineering

RISK MANAGEMENT IN CASE OF NATURAL DISASTERS

Diploma: Master Manager

DEFENCE ECONOMICS

Diploma: Master Economist

MILITARY SCIENCES

Diploma: Master officer
