

Undergraduate Academic Studies

STUDY PROGRAMS

- Army
- Air Force
- Military Electrical Engineering
- Military Mechanical Engineering
- Chemical Engineering of Materials and Protection
- Military Transportation Engineering
- Economy of Defense

A professional qualification, moral completeness and physical readiness are the basis for successful realization of tasks and command of units in positioned missions and tasks and continual development and improvement of officers.

An officer is the one whose vocation is to command.

The aim of the education at the Military Academy is the education of students for the vocation of professional officer, training for initial duties at the level of commanding officer of platoon and preparations for intellectual and ethical challenges of officer vocation, in accordance with missions and tasks of The Army of Serbia.

The programs of studies have many modules which provide students with vast specialist knowledge and necessary skills which an officer of the Army of Serbia has to possess.

After their graduation from the first degree academic studies, students go into a professional military service at the rank of second-lieutenant or they can go on with their education, at the master studies organized by the Military Academy.

STUDY PROGRAMS

ARMY

Diploma: Graduated Officer

Constituencies:

- Infantry
- Armored units
- Artillery
- Engineering
- River units

AIR FORCE

Diploma: Graduated Engineer of Mechanical Engineering

Constituencies:

- Aircraft pilot
- Helicopter pilot

MILITARY ELECTRICAL ENGINEERING

Diploma: Graduated Engineer of Electrical Engineering and Computer Engineering

Constituencies:

- Air Defence Artillery and Missile
 - S-125M1T "Neva"
 - 2K12 "Kub"
 - Bofors 40 mm Automatic Gun L/60
 - SA-22 Greyhound
- Air Surveillance and Early Warning
 - Radar Speciality
 - Computer Speciality
- Technical Service
 - Radar Systems
 - Missile Systems
 - Electrical Equipment of Aircrafts
 - Electronic Systems
- Telecommunication
- Information Systems
- Electronic Reconnaissance Units

MILITARY MECHANICAL ENGINEERING

Diploma: Graduated Engineer of Mechanical Engineering

Constituencies:

- Technical Service
 - Armaments
 - Motor vehicles
 - Aircrafts and aircraft engines
-

CHEMICAL ENGINEERING OF MATERIALS AND PROTECTION

Diploma: Bachelor Engineer - Chemical Engineering

Constituencies:

- Technical Service
 - Explosive Ordnance
 - Fuels, Lubricants and Corrosion Protection
- Chemical, Biological, Radiological and Nuclear Protection Defence

MILITARY TRANSPORTATION ENGINEERING

Diploma: Graduated Engineer of transportation

Constituencies:

- Transportation Service

ECONOMY OF DEFENSE

Diploma: Graduated economist

Constituencies:

- Financial Service
- Quartermaster Service

Study language:

Serbian

The study layout reported in ECTS:

240 ECTS

Study duration:

4 year - 8 terms

Period:

October - September

Entrance requirements:

Completed high school, 4 year duration,

Entrance minimum:

Passed entrance exam, health ability and psychophysical ability

Foreing students:

Yes
